Alumni Executive Council Meets Secretary's Minutes

May 25, 1956.

The Executive Council of the General Alumni Association met on Friday, May 25, 1956, at 8:30 p.m., in Fisher Auditorium on the College campus. The president, Mr. Samuel Furgiuele, extended greetings to the delegates and told them that the campus facilities were theirs to enjoy. He commented that, in his letter to the unit presidents, he had said the college would provide everything, and, as a beginning, the weatherman was cooperating nicely, and the campus most attractive.

Mr. Furgiuele requested a motion to dispense with the reading of the minutes of the Executive Council meeting held on October 1, 1955, since these minutes were published in the December, 1955, issue of the Alumni News Bulletin. A proper motion was made, seconded, and carried.

The next item on the agenda was the treasurer's report, given by Mary Esch. It follows:

A motion was made to accept the treasurer's report as read. The motion was seconded and carried.

Mrs. Johnson, reporting for the Projects Committee, stated that due to the increased cost of printing and the possibility of an increase in mailing costs, a larger allocation than that of the last year would be needed for the quarterly bulletin. She reported that the number of active members is growing, due in part to the fact that the Association voted to give one-year memberships to graduating seniors in order to create an interest in the Alumni program, and thus more bulletins are required. She then presented the following motion which had been unanimously approved by the Projects Committee at its meeting earlier in the evening: That \$2000 be allocated for the publication of the quarterly alumni bulletin for the 1956-57 college year. Mrs. Johnson's motion was properly seconded, voted on, and approved by the council.

Mrs. Johnson then offered another motion, recommended by the Projects Committee, for the allocation of \$400 for the 1956-57 college year for the renovation of two davenports in the East Parlor Memorial Room. It was pointed out that the Memorial Room, which was furnished ten years ago by the Association, is definitely a responsibility of the group. She explained that the davenports were in bad shape and the college was anxious to have them repaired before the Model United Nations Assembly was held on campus in April, 1956, with Mrs. Eleanor Roosevelt as the guest speaker. She, therefore, sent letters to members of the Projects Committee asking their approval, which she received, thus making it possible to have the work completed before the Assembly met. She added that the davenports were entirely rebuilt and covered with a durable nylon fabric. A motion was made to approve the recommendation of the committee concerning the two davenports. The motion was seconded, and carried.

Mr. Arthur Nicholson, editor of the Alumni News Bulletin, reported that we are publishing about 3000 bulletins each quarter. The cost of the project is high, but he is trying to standardize some forms. He stated that the June issue was ready for publication except the two last pages which will carry the Alumni Day activities. Mr. Nicholson requested that news for the bulletin be sent early to the college public relations office.

Dr. P. D. Lott was then called on to report on the activities of the College Alumni Liaison Committee. He stated that during the year members of the committee had visited all Pennsylvania Alumni units except one or two and he felt this was worthy of mention since it required considerable time and effort. Dr. Lott continued that a year ago the council voted to give each member of the graduating class a one-year membership in the Association without charge. He pointed out that it had met with some success; interest has been created and some loyal members gained. He suggested that the council approve one-year memberships for each graduating class. A motion was made: That the members of each graduating class be given a one-year membership in the General Alumni Association; that they receive membership cards, the Alumni News Bulletins, and all other publications, rights, and privileges of full membership. The motion was seconded, voted on, and carried. Mr. Furgiuele and Miss Esch were authorized to send a letter to each 1956 graduate telling him of the action and enclosing his membership card.

A call for other old business was made and when there was no response new business was called for. Mr. Furgiuele then read the proposal submitted to the Alumni Association by Dr. Willis E. Pratt, President of the College. It follows:

A Proposal to the General Alumni Association
of the
Indiana State Teachers College
from
Willis E. Pratt, President of the College
May, 1956

The College recognizes the important part which alumni units have played in the development of the General Alumni Association and in the support and growth of this institution. These units have kept intact the interest of several hundred of our graduates and have been instrumental in sending to the College students of a high caliber. There is tangible evidence of the many contributions which alumni units have made in the support of many projects which have been undertaken from year to year.

The continued maintenance and growth of these alumni units is most important to the College for these groups form the nucleus of a strong and active alumni association. Their members have been throughout the years our most active graduates and their continued support is earnestly solicited.

There are, however, literally thousands of alumni who do not have an opportunity to belong to any alumni unit. Two or three years ago a plan was initiated to reach these alumni through a solicitation of alumni memberships each year to all graduates.

It is proposed to further strengthen the General Alumni Association by the appointment of a class representative for each of the graduating classes of the College. This would provide a group of 75 active and interested alumni who might serve with indefinite terms in promoting both the General Alumni Association and the College.

The duties of these class members might include the following:

- (1) to keep in touch with and report changes of location to the Secretary of the Alumni Association
- (2) to report to the editor of the Alumni News Bulletin news about members of the classes
- (3) to solicit annual and life memberships in the General Alumni Association
- (4) to solicit funds for special projects from time to time
- (5) to make arrangements for reunion class meetings at the College during appropriate years

During the coming academic year the College anticipates the beginning of the preparation of an alumni directory and the appointment of these members who will assist greatly in this project. The College hopes that the membership of the General Alumni Association might be greatly expanded during the coming year as we look forward to general expansion of the College and its facilities.

Since it would be difficult for class members to select their own class representatives it is suggested that the General Alumni Association authorize the appointment of these members by the President of the College and the President and Secretary of the General Alumni Association.

A motion was made that Dr. Pratt's proposal be accepted. It was seconded, voted on, and carried unanimously.

Mr. Furguele introduced to the Association the President of the College, Dr. Willis E. Pratt, who addressed the group as follows:

"Time goes so fast these days that it seems like only last week since Commencement time and Alumni Day last year. With respect to the proposal, I trust that Mr. Furguele and Miss Esch might be able to find an interested person from each class who would be willing to give of his time and efforts for this movement. We might select these people from the immediate area so that they may gather as a group in the fall and close enough so that we can keep in touch with them regularly. If we can find 75 people interested in the General Alumni Association, they can do very much in stimulating the interest of many graduates who do not express any particular interest in the Alumni Association.

"Expansion will be our keynote for the next two or three years. Too many people want to come to Indiana and we can't take them. For next September, we have already accepted 2300 students. Dr. Hadley and Miss Esch have admitted so far 816 new students and we have space for an entering class of 700. We can't accept a larger number than that until we expand our facilities at the College. We have a plan to expand the College in terms of classrooms, gymnasiums, and other buildings. A bill in the amount of \$25,000,000 for State Teachers Colleges is on the Governor's desk; that might mean five or six new buildings for this institution. If so, we will be actively engaged with architects and blueprints in the next two or three years. Three other bills have been passed by both houses, including one for the purchase of 7½ acres of land which in our overall plan provides for moving the athletic field so we can expand.

"There will be changes in the faculty. We will have twenty more next year. We are looking forward to a finer student body with a fine calibre of students being accepted. The Administration is going to spend the rest of the summer convincing people that we can't take them. We can be highly selective in our admissions, which results in good students and good teachers.

"The alumni have been quite generous in contributions to the Wilson Hall Library Project. There are three more rooms to do at one time this summer. We are doing this this because we want to start on a new library program—60 by 60 or sixty thousand volumes by 1956. That means that in addition to the appropriation in the College budget each year, we will want to raise more funds. We are going to ask a great many people to help in this project. We would like to build a new library. It will probably be two or three years before it is ready.

"It is nice to see you here again. We hope you will have a good time."

Dr. Ralph Cordier, Dean of Instruction, was introduced and spoke as follows: "Mr. Furguele made reference to the attractiveness of the campus, Mrs. Johnson to the East Parlor, and Dr. Pratt to the years to come. You people should really enjoy things this year because later sections of this campus may be turned upside down. Everything is in motion in one direction or another, and we are delighted to be able to serve the public need by expanding our facilities. I think it ought to be said by someone that we are undoubtedly indebted to Dr. Pratt for his fine leadership. We hope to receive a liberal percentage of the GSA allotment for our own purposes here, and I think hours

and days and nights have been spent by him, both here and in Harrisburg, in working out this very difficult program of growth and expansion.

The Dean of Women, Martha Faust, and the Dean of Men, Leroy Schnell, were introduced to the Executive Council.

Unit Reports

Allegheny Valley — No delegate. Dr. Lott, who visited with the unit, stated that the unit was organized in the New Kensington area a few years ago by a group of young graduates who met in a school building and backyards for a good time.

Altoona — Bernice Travis, a member of the unit, was at the meeting but did not have the report.

District of Columbia — Dorothy Ramale introduced Nora Hay McKirdy who presented a gift to the library of \$54.40, and reported that a picnic was held in September, the December meeting was held to celebrate Nora Hay McKirdy's birthday, Citation Luncheon at the Shoreham, and a Spring meeting. Twenty members signed up for the coming year and they have four life members.

Kiski Valley — Angie Marshall reported that the unit has three meetings a year—a card party in the fall, dinner in the spring, and a winter meeting.

McKeesport — Reported by Mrs. Nelle Dobson Chaplin. The unit gave a scholarship to one of the boys from McKeesport; a concert was scheduled by the Men's Glee Club from ISTC and it was enjoyed very much.

Philadelphia — Martha Zeigler Wagner was the delegate for this unit. She reported that there were 125 members. They had a picnic last week but more people are needed and the unit needs help.

Pittsburgh — Reported by Marie Murray. Six meetings a year are held, the first Tuesday of each month. A party was held at the Gateway Plaza, annual benefit in February, another benefit at Equitable Gas Company, March annual dinner, and a meeting in April at the College Club. The unit has 77 paid members, 23 life members and 2 honorary members. They have contributed \$200 to projects and \$118.50 for dues.

The Junior Group of the Pittsburgh Unit has the same schedule as the Senior Group. They have contributed \$100 to projects and \$46 for dues.

Marie Murray of the Senior Group told of organizing the Pittsburgh Unit, helping to organize the Detroit Unit, and visiting with the New York and Philadelphia Units at the Lexington Hotel in New York.

Pittsburgh North Boroughs — Edna Duysters Kappel reported that the unit scheduled six meetings for the year. The president's Tea and Musical was held in September, a benefit in November, a December Christmas party, a March business meeting, a May meeting at the University Club with a speaker from Australia, and the next meeting a picnic. There are 56 members in this group with about 30 or 35 members attending each meeting.

Tri Township — Vivian C. Lovell, the retired president of the unit, explained the name Tri Township. The unit represents Green, Pine, and Cherry Hill Townships. There are 43 members in the unit which held three meetings during the year—a Christmas party, an Irish party in March, and a dinner at Barclay's Restaurant followed by attendance at "Brigadoon" at the College.

Mrs. Sally Johnson told about the "Old timers' Dinner" at the Country Club this same evening. Men from 1932 to 1937 decided to have an "Old Timers' Dinner" honoring George Miller and each other; about 115 were reported to be there.

Mr. Furgiuele presented the Secretary of the Association, Mrs. Esther Wechsler, and

stated that she is a very capable person and a great help to the Association.

Helen Brennan suggested that perhaps the Executive Council should do something about sending a letter to our Governor, thanking him for his interest in teacher education institutions and urging him to sign the bills now on his desk that would provide additional building facilities under the General State Authority.

A motion was made: That a letter be written to send to the Governor to thank him for what has been done to advance ISTC and urge him to affix his signature to the bills. The motion was seconded, voted on, carried unanimously.

The meeting concluded with the reading of the program for Alumni Day, Saturday, May 26, 1956.

General Alumni Association Meeting Secretary's Minutes

May 26, 1956.

The annual meeting of the General Alumni Association of the Indiana State Teachers College was held on Saturday morning, May 26, 1956, at 10:30 a.m. in Fisher Auditorium. The president, Mr. Samuel Furgiuele, called the meeting to order with the following remarks: "Before we begin the business portion of our meeting, I would like to extend my welcome to you. The campus has never been so attractive as it is for this occasion, the work of many hands has made it as it appears today. 'Many old grads' have already had reunions and many others will get together this afternoon. We will all find many friends among the loyal alumni who have returned to our campus. I sincerely hope that you will have more memories to add to those of beloved Indiana."

A motion that the reading of the minutes of the May 21, 1955, meeting be dispensed with because they had been printed in the October, 1955, issue of the Alumni News Bulletin was made and seconded. Motion carried.

The 1956 graduating class was then escorted to the seats reserved for them by Dr. H. B. Neal, 1901, and James Daugherty, 1916. Dr. Neal presenting the class to the Alumni Association said: "I greet you as a member of the Class of 1901. In my term in this College, (dat.s back to 1897), I was a teen-ager taking a college prep course, not expecting to teach but finally graduating in a teachers' course. I came back in 1902 for post graduate work. I have seen this campus with very few buildings. John Sutton Hall, Boy's Dormitory at Grant and Eleventh, the Gymnasium where the Dining Room is now, and an ice house. The transition from that time to now is stupendous. We have had a wonderful leader in Dr. Pratt. I congratulate him on what he has succeeded in doing for our institution. I can hardly keep up with the changes made. I have recollections of this institution, probably as many as anyone present, because I have lived in Indiana for 61 years and been in practice 54 years. I was given a plaque by the Pennsylvania Medical Association this month. Last week was my birthday and now I am here as a 1901 alumnus. Two weeks from today I will have my 50th year reunion in Medical School. The twentieth of June I celebrate my wedding anniversary—to put it lightly about five anniversaries in a period of about two months. I appreciate what has been done in my honor. It's an honor and privilege to appear before the Alumni Association. At this time, I wish to present the Class of 1956 for membership in the Alumni Association. I deem it a distinct honor and privilege to do such a thing, and I so do right now."

Mr. Furguele to the graduating class: "There is a misconception among many young graduates that alumni work and the Association is for the older people. During your four years at Indiana, you have made many lifetime friends. The bulletin will keep you informed of the whereabouts of your classmates. Units provide an opportunity to meet with some of these friends. My happier moments have been spent in connection with the Alumni Association. I am sure that you too will find many happy hours in this association. The Alumni Association welcomes you. We 'OLD GRADS' are proud to call you fellow alumni; we know you will enjoy yourselves as members of the Alumni Association. We can look forward to your return to the Indiana campus. I will now call upon Clifford Cox to speak for the graduating class."

Mr. Cox: "We came here four years ago, and I think more than anything we have grown to love Indiana and feel proud of Indiana. I now speak for my classmates, that we will be good alumni and I would like to accept, on behalf of the 1956 graduating class, membership in the Alumni Association."

The Treasurer's Report followed given by Mary L. Esch, Treasurer. A motion was made and seconded to accept the report of the Treasurer. Motion carried.

Same as in Executive Council Minutes

The Projects Committee report was given by the Chairman, Mrs. Sally Johnson. She spoke as follows, "Greetings from the Projects Committee to the graduating class of 1956, to those alumni who are back, and those who are here every year. Last night the Executive Council approved two recommendations from the projects committee: (1) that \$2000 be allocated for the continued publication of the quarterly bulletin, and (2) that \$400 be allocated for the 1956-57 fiscal year, for the renovation of two davenportes in the East Parlor Memorial Room.

"I want to enumerate for you the various projects of the alumni association in the last few years: the organ, East Parlor Memorial Room, alumni office furniture, guest room furniture, east porch furniture, television sets, amplifying system, water coolers, addressing equipment, stops for organs, movie projectors, and upholstering the davenportes in East Parlor.

"The reunion classes have been very generous. Each year since 1951, reunion classes have assumed the responsibility of refurbishing rooms in the library.

"You may join the Alumni Association in the Registrar's Office. For two dollars annual dues you will receive a quarterly bulletin of the Alumni Association. There are many who have not contributed to projects; we would be very happy if you would make a contribution while you are on campus. Stop at the office and we will be most happy to take any money that you would like to give."

Dr. P. D. Lott, Chairman of the College Alumni Liaison Committee, was then called on. "It gives me pleasure to report that during the past year, the members of the Liaison Committee, with the help of the officers of the Association, visited all the units in Pennsylvania, with only two or three exceptions. To the members of the Class of 1956: A suggestion was made at the Executive Council Meeting last night, and approved, that each member of the graduating class be given a one-year free membership in the General Alumni Association, that they receive membership cards, the alumni bulletins, and all other publications, rights, and privileges of full membership."

Dr. Willis E. Pratt, President of the College, was introduced by Samuel Furguele. "I want to say to the Class that I have enjoyed working with this group during the past four years. You entered college at one of our bad periods. We were trying to operate with poor facilities.

"This class began the slogan 'Out of the ditches by Christmas' when we were building and putting in the water pipes. The class accepted the difficulties that happened. This is an active group, many of their activities were the finest at Indiana.

"The college is like a person—it has a personality. This family of teachers colleges in Pennsylvania have many characteristics in common. They have common curricula and the same common purpose of preparing teachers for Pennsylvania's Public Schools.

But it seems to me, Indiana has a personality of its own. We became the largest in Pennsylvania by four students and eleventh largest of more than 100 colleges and universities in the Commonwealth. We think that we have a different character, however, in our student body. As compared with other colleges and universities in Pennsylvania, the ability of this class far exceeds the medium. Competition becomes quite keen when you have very able students participating. We feel that we have a unique place in Pennsylvania. Indiana's teachers, as a product, are jealously sought after. Alumni contribute much to the personality of the College. This Alumni Association has been ardent. We never find a group so ardent; we never find a group which seems to enthusiastically support a college as our Alumni Association.

"I am happy to have you here on this occasion. The College is on the threshold of a great program of expansion. As a teachers' college, we have a responsibility to prepare teachers for the Commonwealth and the pressures make it necessary to expand.

"As we go forward with this program of expansion, we trust that it will be possible for us to maintain the same high standards that the College now maintains. It is a challenging problem to become bigger and better at the same time.

"I urge the seniors to actively participate in your alumni group."

Mr. Furgiuele introduced Dr. Cordier, Dean of Instruction; Martha Faust, Dean of Women; Mary L. Esch, Registrar; Sally Johnson, Chairman of Projects Committee; Esther Wechsler, Secretary for the Association; Dr. P. D. Lott, Director of Elementary Department and Chairman of College Alumni Liaison Committee; and Leroy H. Schnell, Dean of Men.

Recognition of the reunion classes followed: 1886, 1891, 1896, 1901, 1906, 1916, 1926, 1931, 1936, and 1946. Carrie Gessler, 1892, come from Los Angeles, California, by herself to be here for Alumni Day and stated that she could remember when we had only one building, girls were on one side and boys on the other.

Viola Simpson, Class of 1903, was recognized; also Howard Dick, 1901, who came by plane from Florida to New York and then with his son to Indiana.

Mr. Furgiuele read the program for Saturday afternoon and evening, after which the meeting was adjourned.

Respectfully submitted,

● Thomas Frank Lockard, class of 1911, of 1601 Argonne Place, N.W., Washington, D.C., died August 2, 1955, at Mt. Alto Hospital, according to information given by Miss Mary L. Esch.

For 15 years prior to his death, Mr. Lockard had been employed in the personnel office of the Secretary of the Interior. He went to Washington in 1933 as a member of the staff of the Greater National Capital Committee.

He was a veteran of World War I and during which he served with the 117th Battalion of the Army Signal Corps.

● Charles J. Margiotti, class of 1912, nationally noted criminal lawyer, died Saturday, August 25, 1956, at the age of 65.

Margiotti was a controversial figure in Pennsylvania politics and the legal profession for thirty years. He was buried in the cemetery in Punxsutawney, his birth place and where he started his climb to fame as an 11-year old water boy on a construction job.

Attorney Margiotti had a nation-wide reputation as counsel for murderers, arsonists, burglars, and other criminals. These activities over-shadowed, in the minds of some, his sensational activities as a prosecutor and as defense counsel in civil cases.

Following his graduation from Indiana Normal School in 1912, he graduated from the University of Pennsylvania Law School. In the Republican primaries of 1934 he ran for GOP nomination for governor against William A. Schnader and lost.

It is then attributed to him that he helped to elect Democratic Governor George E. Earle. He was made attorney general in the Earle administration.

In 1938 he ran for governor in the Democratic primary but lost to Charles Alvin Jones. He was also appointed attorney general by James Duff in 1950 and served briefly under John S. Fine.

Among the most sensational criminal cases Attorney Margiotti handled was that of special prosecution for the state against Irene Shroeder and Glenn Dague. He represented over 150 clients in mur-

der trials with only one first-degree murder verdict against him.

He practiced law in more than 12 states, 41 counties in Pennsylvania, and before the United States Supreme Court.

He was also interested in the mining and lumbering business and had stocks in numerous corporations.

During the year each member of the Executive Committee will sponsor some activity to earn money for our alumni gift through the General Alumni Association.

The first meeting planned by the Program Committee was the outdoor barbecue held Sunday, September 9, at the home of the Andersons and to which members brought guests. Our Honorary President, Dr. Vashti Burr Whittington, will be hostess for the December Executive Committee meeting.

We were represented at the College last May by Nora McKirdy and Grace Lehman, who participated in their respective Class Reunions, and our President, Dorothy Ramale, whose new address became 9 Evergreen Avenue, Hartford, Connecticut, when she began as mathematics teacher in the Alfred Plant School, West Hartford.

Dorothy reports glowingly of the trip to Bermuda last month on which she to was accompanied by her sister, Lucille, Audrey Speaker, Clara Grace, and Bertie Flippo of the D.C. area, Wilma Waddell of Audobon, Iowa, Dorothy Bruce, Port Huron, Michigan, Ellen Beatty (43) of Youngwood, and Isabel Sarver (43) of Greensburg, Pennsylvania. Upon return to New York, they visited Radio City Music Hall and toured the United Nations.

Luncheon was held in the University dining hall.

Mary Vail is recuperating at her home after two weeks in the George Washington Hospital and hopes to be able to resume her work in Remedial Reading for the District of Columbia Public Schools in the early fall. Grace Lehman has returned from a motor trip with her husband, L. Graham Lehman, to Yellowstone National Park, Cody Wyoming, and to Mr. Lehman's alma mater, the University of Colorado at Boulder, and to Denver and other points in Colorado.

Mrs. Ruby Peters motored with her husband, Roland L. Peters, to New Mexico where they visited the John Seelys, their daughter and son-in-law and three grandchildren in Denning, and in Las Cruces their other daughter and son-in-law, Mr. and Mrs. Donald Ingram.

economics extension work in Pennsylvania before her marriage, will for three days be one of the judges for the 75th Maryland State Fair at Tinnonium (the Diamond Jubilee Fair). She will judge 4-H canning, the 4-H diary demonstration, and the open-class canning and candy.

CLASS OF 1906

● The members of the Class of 1906 wish to thank the College for the gracious hospitality shown them at their 50th Anniversary Reunion.

Our class was a small one in 1906, so we could not expect to have it intact fifty years later. We tried to get in touch with all members as far as possible, and were fairly successful. Most of those present decided to try to return to Indiana more often, since everybody was so pleased to renew the old friendships. We shall see!

Mrs. James McKirdy (Nora Hay), 1906, embarked on a tour of Europe a few days after being with her class in May. She is ending the tour with another pleasant reunion with her daughter and her family in Holland.

Berlin Empfield, 1906, has taken a new position at Phoenix, Arizona. He is director of The Jane Wayland Children's Home in that city. Along with Mrs. Empfield they are very pleasantly situated and are doing a wonderful work.

CLASS OF 1912

● On the first Saturday in May, the lovely ranch type home of Sara Jones in New Alexandria served as the meeting place for thirty-three members of the class of 1912, who came from the four corners of Pennsylvania and were joined by Mary McClaran Haegel from Baltimore, Maryland.

After viewing the house, we went to Carbone's nearby, where Alice Cook and Sara had arranged for a delicious luncheon.

Upon our return to Sara's home we were pleasantly surprised to find that Agnes Sligh Turnbull, whom many of us know, had dropped in to see us. She was visiting with her sister, Janet Sligh, in her old home there.

During the afternoon, Martha Wassell

Faloon, chairman of the day, presented a beautiful tribute to the memory of two faithful members of our group, who passed away shortly after attending the November luncheon in the College Club.

We shall sorely miss Aurilia Harvey Batchelor who entertained us so beautifully in her Monaca home—and Nell Rose Kennedy, who never failed to come to Pittsburgh twice a year for our get-togethers.

We plan to celebrate our forty-fifth reunion at Indiana on Alumni Day 1957.

Wilson Hall Library Fund

The Wilson Hall Library has been extremely fortunate in having had the warm support of the alumni members in attaining a newly decorated building during the past few years.

Since 1951 a total of six rooms have been completely refurnished by the various anniversary classes — two Reading Lounges, the Periodical Room, the Curriculum Materials Room, the Fine Arts Room, and the Reference Room.

The Art Department has been most helpful in advising the library staff and the Library and Curriculum Materials Committee about the procedures for bringing out the best values of each room.

In 1956 the second floor reading room which houses the fiction collection has been completely remodeled along with the supplementary attention given to the rooms that contain the English and History collections. Extra shelving, new lamps, drapes and rugs are all united to provide the most attractive rooms for the library users. Members of the 1956 reunion classes contributed the sum of \$1392.00. To Improve Intellectual Climate

Improvement of the program of classroom instruction will be the order of the day for the State Teachers College, Indiana, Pennsylvania, this year, according to Dr. Willis E. Pratt, president of the college.

In an address to the college faculty during the opening session of the faculty workshop held prior to student registration for the 1956-57 college year, Dr. Pratt indicated that the college faculty and administration will work to improve the intellectual climate on the campus and will pay special attention to developing the high intellectual standards.

Dr. Pratt pointed out the fact that "the competence of the Indiana student body as measured by the American Council on Education Psychological Examinations has continued to increase from year to year."

"We have in September, 1956, according to test measurements, about the highest rated student body in the history of the college from the viewpoint of academic standards."

Dr. Pratt indicated that the improvement of intellectual standards and intellectual climate on campus would be accomplished by providing for increased use of the college library, a greater utilization of more advanced courses for superior students, by an increased use of student seminars.

In addition the improvement will be facilitated by an increase in the emphasis placed on student theses and reports, by a greater emphasis on research in all departments of the college, by the development of student-faculty discussion groups which would examine critical controversial issues, by increased emphasis on philosophic and literary values, and by placing greater emphasis on scholarly attainment.

The aim will be, Dr. Pratt avowed, to make Indiana known as an institution which produces not only good teachers but also outstanding scholars. Indiana has long ago proved that teachers colleges are concerned with scholarship and now the aim will be to take the lead in this area.

The curriculum committee, Dr. Pratt said, will be asked during the 1956-57 college year to undertake a study of all the curricula of the college. This committee will work with the members of the 14 departments of the college and will recommend to the president of the college suggested changes which might be transmitted to the curriculum committee of the board of presidents of Pennsylvania State Teachers Colleges.

Indiana State Teachers College is making increased use of audio-visual aids., Dr. Pratt states. The college has on campus the Indiana Film Library, one of the finest in the country, and is developing an audio-visual aid center.

Indiana will look forward to the possibility of introducing new courses in the fields of study which might enrich their elective course offerings, Dr. Pratt said.

"Indiana has added a new member of the foreign languages department in order that additional offerings in the foreign language field might be provided."

"Indiana," Dr. Pratt states, "will give greater emphasis in the near future to the requirement of a course in philosophy for all students and to other areas in which additional offerings should be provided. An effort will be made to bring a modern international philosopher to campus to serve as a visiting resident professor."

The College is planning to initiate its own educational television program through the facilities of WQED, Pittsburgh, Pennsylvania. The first of these courses is being given by Dr. Raymond L. Lee, chairman of the social studies department, in American citizenship.

Under this plan one course will be given each semester for three semester hours of credit, particularly for college graduates who wish to qualify for teaching certificates.

This year, however, two or three sections of campus students will be enrolled in this course in order to experiment with the utilization of television for the instruction of large class groups.

Enrollment Record for Third Year

State Teachers College, Indiana, Pennsylvania, has a record enrollment for the third consecutive year, according to Registrar Mary L. Esch. There are 2187 students now enrolled full time at Indiana State Teachers College, Registrar Esch states.

This figure includes 24 nurses from the Indiana Hospital enrolled for full-time courses this semester. Excluding nurses there are 2163 students. Of the 2187, men number 990, and 1197 are women.

Another enrollment record is established this year in the number of men students. With the number nearly a thousand, 990 in fact, this figure is an all-time record for the number of full-time men students.

The third record number is that of the freshman class. There are 783 new students including freshmen and transfers this year. Approximately 79 of the 783 students are transfers from other colleges. Of the new students 354 are women and 429 are men. This is the first year in which the number of men in the freshman class has exceeded the number of women.

Of the 2163 students, not counting nurses, 1173 are women. Counting the nurses, who are all women, there are 1197 women to 990 men on campus, a ratio of about twelve to ten. This is the most even division of men and women at Indiana in the history of the college.

Indiana is essentially a boarding college, Registrar Esch indicates. Of the 2163 students, not counting nurses, 1300 are boarding students and 863 are day students or commuters.

The college has six major divisions plus the nurses group. These divisions are elementary with 476 students, secondary with 727, art with 133, business with 340, home economics with 252, music with 235, and the nurses with 24.

Enrollments at Indiana State Teachers College as of the same date in previous years were as follows: 1955 - 1868; 1954 - 1622; 1953 - 1531; 1952 - 1526; 1951 - 1537; 1950 - 1566; 1949 - 1555; 1948 - 1486; 1947 - 1450; 1946 - 1297; and 1945 - 929.

With increasing enrollments has come greater selectivity in the choice of students. Dr. Willis E. Pratt, president of the college, points out "The competence of the Indiana student body as measured by the American Council on Education Psychological Examinations has continued to increase from year to year."

"We have in September, 1956, according to test measurements, about the highest rated student body in the history of the college from the view point of academic standards," President Pratt said.

"On all examinations given at Indiana for which national norms are available, Indiana students scored significantly above the average for all colleges and universities of the country," Dr. Pratt added.

Another measurement of the standard of scholarship at Indiana is found in the rank of Indiana students in their high school graduating classes. Ninety percent of Indiana students graduated in the upper half of their high school graduating classes and of these about 70 percent were in the upper quarter. Only eight percent were in the third quarter of their high school graduating classes and about two percent were in the lowest quarter.

Homecoming Day Is October 6

Homecoming Day at the State Teachers College, Indiana, Pennsylvania, will be held Saturday, October 6, 1956. Dr. James K. Stoner, faculty chairman of the event, indicates.

Day long activities will be highlighted by a parade, football game, Alumni meetings, and social events.

The annual Homecoming parade produced by various student organizations of the college will have for its theme "Movie Titles." Sororities, fraternities, and other college organizations will portray in float form titles of various movies commonly known to Pennsylvania movie-goers.

The parade will begin at the college campus, move through the center of the Indiana community, and terminate at College Memorial Field. Community and college organizations will present awards for the best floats in the parade.

The annual Homecoming football game will feature the gridiron clash between Coach Samuel G. Smith's Big Indians and the Edinboro State Teachers College Eleven on Memorial Field beginning at 2:45 p.m. The Indiana Moccasin Band directed by C. David McNaughton will perform at halftime.

Evening amusements will include dancing in the Keith School and Waller Gymnasiums and socializing in the Student Union, Whitmyre Hall. The college dramatics department will present a dramatic performance directed by Dr. Wayne C. Hayward at 7:30 p.m. in Fisher Auditorium. Charles A. Davis will direct the Indiana Glee Club in a brief music concert in conjunction with the dramatic show.

Samuel Furgiuele of Indiana, president of the General Alumni Association, has announced a meeting of the Alumni Executive Council in Fisher Auditorium at 10:00 a.m. The Alumni Projects Committee will meet in the John Sutton Hall Alumni Office at 9:30 a.m.

At noon there will be a luncheon (by reservation) in the college dining room. Alumni president Furgiuele will preside and Dr. Willis E. Pratt, president of the college, will welcome Alumni. Various Alumni and college officials will be introduced. There will be incidental music on the Hammond Organ.

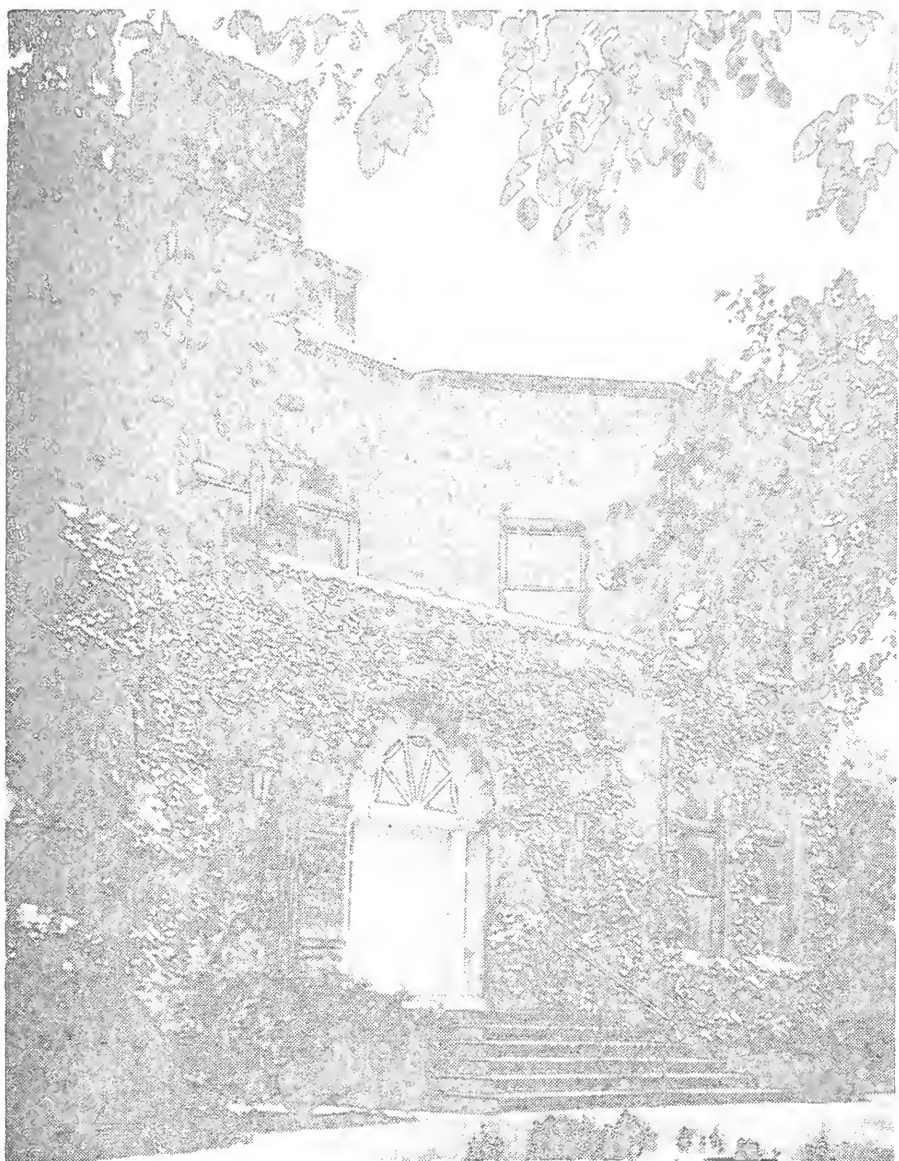

Registration for Homecoming Day begins at 9:00 a.m. and will continue all day in Room 101, Leonard Hall.

During the past 81 years, approximately 16,000 people have been graduated from the State Teachers College at Indiana, Pennsylvania. The institution has grown from a small normal school of 300 students and eight faculty members in 1875 to a degree granting teachers college with an enrollment of 2187 students and 145 faculty members in the current 1956-7 term.

Private business enterprises and the Chamber of Commerce of the Indiana community are cooperating with the College in promoting Homecoming Day. More than four thousand visitors are expected to attend the observance. An estimated 15,000 people will view the parade.

Various fraternities and sororities, and other organizations at the College will hold open house for their Alumni during the afternoon.
